Dr. Frank C. Jerbi

HONORARY SENIOR CLASS PRESIDENT

The members of the Class of 1976 honor Dr. Frank C. Jerbi for his excellence in teaching and total dedication to his profession. For the past three years, Dr. Jerbi has served with distinction as Chairman of Removable Prosthodontics and has instilled in his students a sense of professionalism and care for the patient. In the lecture hall, students appreciate Dr. Jerbi's mastery of the subject and highly organized lectures; and even the hazardous decibel level has a way of making a permanent mark in the minds of the future dentists. We are proud to honor Dr. Frank Jerbi as a professor, clinician, and colleague because he has been such a meaningful part of the Class of 1976.

HIGHLIGHTS

GAMMA PI DELTA

Gamma Pi Delta, prosthodontic honor society, was chartered in 1965 as an honorary student dental organization. The basis for admission is scholarship and interest in the field of prosthetic dentistry.

The objective of the organization is the advancement of prosthetic dentistry through lectures and other academic activities. The main theme of Gamma Pi Delta is directed toward stimulating the creative interests of the profession in general.

Dr. James H. Greeley, Professor in the Department of Fixed Restorative Dentistry, is the advisor for fixed prosthetics; and Dr. Suresh C. Choudhary, Associate Professor of Removable Prosthodontics, is the advisor for removable prosthodontics.

GORGAS

The Gorgas Odontological Society was organized in 1915 as a student organization, and later it was changed to an honorary student dental society with scholarship as a basis for admission. The Society is named after Dr. Ferdinand J. S. Gorgas, a pioncer in dental education and a great contributor to dental literature, and it was with the idea of perpetuating his name that the Society adopted it.

The Society makes for its objective the furtherance of dental knowledge by discussion and lectures. Gorgas is comprised of junior and senior members whose scholastic endeavors have placed them in at least the top third of their class. Four dinner meetings are held annually with guest lecturers selected to speak on diverse topics of interest to students and practitioners of the dental profession. At present, the faculty advisor, Dr. José Diaz provides aid and guidance in the selection of candidates, and the attainment of the Society's goals.

ALPHA OMEGA

Zeta Mu Chapter of Alpha Omega Dental Fraternity planned a calendar complete in the tenets of the fraternity. Academics were emphasized throughout the year as seen in monthly seminars with the alumni. Topics ranged from a "Potpourri of Pedodontics" to "Practice Management." Fraternally, the alumni sponsored a Big Brother Program, highlighted by a Casino Night for Big Brothers and undergrads. Also, Baltimore Alumni and Zeta Mu enjoyed several Monday night scientific dinners which featured guest speakers. The close contact of members helped to build a large pledge class in Rush Week '75. The Annual Rush Breakfast attracted many students and established a pledge class of fifty.

Socially, the fraternity sponsored a September "Welcome Back Crab Feast" on the Chesapeake Bay. This was followed with the annual fall Wine and Cheese Party featuring wine, deli, a band, and movies. Topping the social season, Zeta Mus attended the annual Spring Away Weekend and Senior Banquet in Ocean City. Fraters enjoyed the ocean view and vacation atmosphere of the Sheraton-Fountainebleau Inn, culminated by a poolside cocktail party and Senior Awards.

In support of the international fraternity, Zeta Mu and Baltimore Alumni hosted the 68th International Convention in Baltimore over the winter vacation. The week-long assembly of fraters from the United States, Canada, Europe, and Israel participated in social events and scientific and business meetings. Certainly, this was an outstanding year for all Alpha Omegans.

PSI OMEGA

The undergraduate Alpha Chapter of Psi Omega has been an increasingly active and growing professional dental fraternity at the University of Maryland during 1975-76. Monthly dinner meetings and frequent social get-togethers helped the brothers and sisters of Psi-O to take a break from the academic world and relax. Summer activities included a crab feast and swim party, softball games with Psi-O alumni, and even a chartered boat fishing outing. An informal open party and joint undergraduate/alumni breakfast comprised Rush Week activities. Other annual activities included Colt Night, Preakness Day, Christmas Dinner Theater, Halloween and Valentine's Parties, and Psi-O's biggest event — the Senior Banquet and Dance. More activities with the Oriole alumni chapter are being planned.

Fraternalism and the high standards of the dental profession are qualities one can find in Psi Omega. President Ray Mack and Dr. Glenn D. Steele, faculty advisor, have worked diligently with the cooperation of the membership, this year to achieve these worthwhile objectives.

XI PSI PHI

One of the oldest fraternities for the dental profession, Xi Psi Phi pledges itself to developing professional interests and attitudes. Seminars with practicing dentists and related professionals keep the organization in contact with the outside developments in the field of dentistry. The social aspect of fraternity is not ignored; throughout the year parties and dinners are held to develop closer relationships with our members and the faculty.

Seated: C. Slotke, S. Markey, R. Lewin, J. Moller

Where Professionals Make Conversation

DECISIONS... DECISIONS... DECISIONS...

CHOOSING YOUR DENTAL LABORATORY — PERHAPS THE MOST IMPORTANT DECISION YOU WILL MAKE!

The dental laboratory you select can play a vital role in the growth of your practice. . . .It's essential to use the services of a knowledgeable full service laboratory — one with the expertise to assist you during your early years. . . and throughout your career.

BEFORE YOU MAKE THAT DECISION, WE INVITE YOU TO COME IN AND SEE US AT CO-OPERATIVE DENTAL LABORATORIES

We have added a new dimension to the term "Full Service Laboratory" with our exclusive Practice Management Service. Here are some of the ways we help young dentists embark upon their chosen career:

1. Conduct Practice Management Courses.
2. Search for practice locations, partnerships, or associateships.
3. Provide counsel in the development of groups or corporations.
4. Recommend proven office procedures, budget techniques, and forms utilization.

A visit to our unique facilities is as meaningful as a series of valuable clinics. You will not only see what we are doing, you will see what hundreds of doctors are doing . . . doctors who take advantage of our unequalled facilities and personnel. You will be exposed to some of the most advanced concepts found in the modern dental laboratory and some not found anywhere else at this time. You will find highly skilled technicians ready and eager to answer your questions.

FOR A FREE BOOKLET ON "SELECTING YOUR DENTAL LABORATORY" AND FURTHER INFORMATION ON OUR PRACTICE MANAGEMENT SERVICES, PLEASE WRITE OR CALL.
